Speakers details:

ANAPROBIO Italy was born on the initiative of the Confederation of Agricultural Producers-Copagri to promote the development of organic agriculture and to protect and assist organic producers;

I.N.E.R. is the International Umbrella Organisation of the Organic-Districts/Eco-Regions;

Copagri Confederation of Agricultural Producers-Copagri is a professional agricultural organisation;

FederBio is a federation of organisations from the organic and biodynamic agriculture chain, with the role of protecting and promoting their development.
